# INTRODUCTION

At any point in time there are six million people watching football, eight million having sex, 87 million watching TV and a staggering 112 million chatting in online chat rooms. And what are all these people talking about? Mainly football, TV and sex.

In chat rooms you will find a wonderful mix of people from around the world – some are disgustingly rich, some unimaginably poor, some irritatingly intelligent but most are so intellectually challenged that they dribble over their keyboards. This creates a fantastic arena for some highly amusing wind-ups – simply enter a chat room, make a few ridiculous comments and see who takes the bait.

## **CHAT ROOM WIND-UPS**

This hilarious book is the result of hours upon hours spent in chat rooms taking the piss out of the more gullible chatties (people who frequent chat rooms and other interactive sites) – those who believe everything they come across on the internet, no matter how bizarre.

The book is split into two parts – the first deals with chat rooms – the second deals with that other internet phenomenon – sites where you can pose a question and anyone can submit answers – another great opportunity to mock the chatties.

I am sure that you will find this book amusing and may even be tempted to try a few wind-ups of your own. So visit our website [www.Chat-Room-Wind-Ups.com](http://www.Chat-Room-Wind-Ups.com) and let us know about

## CHAT ROOM WIND-UPS

your funniest wind-ups. We will publish the best on the site.

**AUTHOR'S NOTE:** The spelling and grammar of most chatties tend to be appalling – wherever possible I have left the conversations exactly as they happened. In some cases I have made corrections to make them easier to read.
