Dispelling some popular myths about Girl Power

1. Kickboxing skills are not essential.
2. Nor are cyber-chick style pneumatic knockers (despite what your boyfriend might tell you).
3. Intimidation is not big or clever (so use sparingly).
4. You don't have to go abseiling / parachuting / hang-gliding just because you've got your period.
5. You don't have to wear winged products at all.

the rules

girl power

Why being single is good

1. You never have to sleep on the soggy patch...unless you wet the bed.
2. You don't have to put your loo-seat back down every time you visit the bathroom...
3. ...Or sponge wee off the carpet...
4. ...Or the wall for that matter.
5. You save money on leg and bikini waxing.

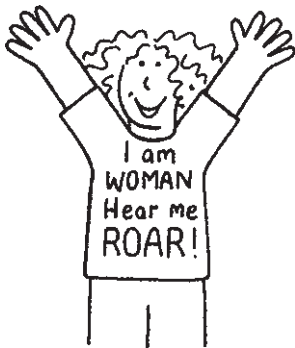

the rules

Don't be afraid to use the F
word in public...*Feminism* isn't
dead yet.

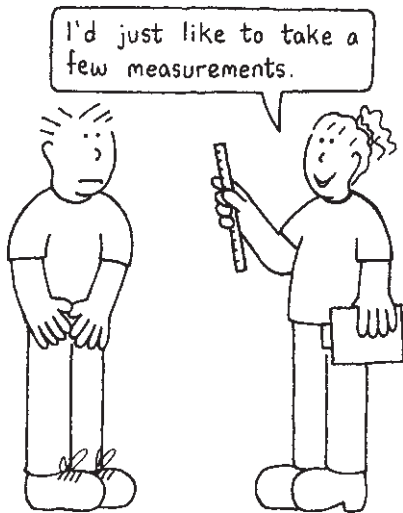

girl power

Always be quick to get the measure of your man...if he's anything less than 6 inches, don't bother.

the rules

girl power

If a revolting man insists on giving you his phone number, tell him you'll type it directly into your phone, and then take ages scrolling through the names already in it. When he asks why it's taking so long, explain that the names aren't in alphabetical order, they're in order of sex appeal, and you need to scroll right to the bottom before inserting his details.
