Introduction

The majority of us spend forty hours a week slaving away at a tedious job we do not like, to reach meaningless targets we do not care about, for a soul-sapping boss we have little respect for. But, hurrah – all is not lost. Many of us share the misery of the daily grind but thankfully there is something that can be done.

Office DARES

Do you feel the urge to spice things up a little? Are you are a non-conformist with a devilish sense of humour?

Now is the time to embrace your inner delinquent. All is that is required is this book (small enough to be hidden in any desk drawer), a strong head and an open mind.

Office
DARES

Remember we are all in this together and it is up to each and every one of us to make the workplace a little more tolerable.

Office DARES

A quick note about the point system:

The dares have been given a carefully graded point system. Warm yourself up with the 1 point dares: they are perfect for the confident beginner or for your first day with a new company.

The 3 point dares are relatively easy to perform but are often so subtle they may go unnoticed.

Office
DARES

The 5 point dares are not to be taken lightly. They are challenging and somewhat outrageous. Expect very puzzled glances and to lose friends.

If your contract is coming to an end or if you sense your P46 is looming on the horizon, by all means turn straight to the 10 point dares. Do not blame me for the consequences.

Office DARES

WARNING: Playing Office Dares will not reward you with the promotion you have always dreamed of, but rest assured, you will leave the office safe in the knowledge that you have brightened up the day of every employee. Or just confused the hell out of them.
