Getting it cured.....	97
Getting out...of a relationship.....	105
Getting away...from a sticky situation.....	110
Getting hitched.....	116
Getting home.....	122

No matter what country you're in, the way to a woman's heart is through her bra. And the way to a man's is through that little slit in his pants.

Emma Burgess

Introduction

including some clichéd generalisations and insults

France contains a population of more than fifty million, not all of whom are habitual dangerous drivers and hairy-armed horse eaters. But it's possible that - whilst visiting the country of hard wine, soft cheese and headless aristos - you might encounter someone with whom a romantic liaison seems like a good idea. Should such a situation arise, chances are you'll be so drunk and incoherent that even your native language will become a struggle.

This book will help you focus your thoughts towards the inevitable phrases needed in order to seduce a stinky foreigner. It will also prove invaluable in getting rid of them the next day and explaining to the doctor that it now hurts when you wee.

Sexy French

Sometimes, though, things aren't so clear cut. Events can spiral out of control and - *sacrebleu* - you might end up getting hitched to some Gallic geek quite by mistake. Despair not! This nifty tome covers all eventualities and will even aid you in your journey home...if you sober up in time to see sense.

So on your next *sortie* across the Channel, use your stiff upper lip as a shelf on which to keep this book (plus a photo of Charles de Gaulle perhaps?) and you'll have guaranteed success with our sweaty, stunted neighbours.

P.S. Before a French reader feels compelled to jump on his metaphorical high-horse and accuse me of xenophobia, go and metaphorically grill it instead. *Bien cuit.*

Getting started

Before you stick your silver tongue down the Gauloise-stained throat of a French person, you need a *soupçon* of grounding in the boring basics of the language. After all, there's quite a difference between *oui* and *non*, and you'd better get used to hearing the latter if you're going to give the chat-up lines in the next chapter a go.

Getting it on...
a cornucopia of corny chat-up lines

Unless you skip straight to the 'Getting Desperate' chapter of this book and restrict the use of your language skills to France's internationally acclaimed red light districts,

Sexy French

you're going to have to chat someone up before getting to the(ir) interesting bits.

Breaking the ice with a stranger is hard enough in your own language, and approaching a Frog that you've never met before with the aim of bedding them presents a particular challenge.

The chat-up line you use must be tailored to the precise situation in which you find yourself, so the following phrases are grouped according to some common scenarios.
